12.15 – 13.00 Lunch

AFTERNOON SESSION– (Chair Dr. Jennifer Carfrae, Edinburgh) LECTURE ROOM C

13.00 Jennifer Carfrae, Peatland re-wetting: research platform

13.25 Linsey McLean, Heriott-Watt University, Flood Management and NFM

13.45 Developing research proposals for CREW and CS-IC

14.00 Coffee & comfort break

14.20 Workshop: Academia and the public agencies: *working together and meeting each others’ objectives*:

- How to deliver multiple benefits research?
- Collaborative research proposals for CREW, CS-IC, and other UK funders
- What makes a good research proposal – does multiple benefits research fall between funders’ remits?
- Can student projects help by specialist focus/student, on cross-departmental themes?

15.15 Next steps – A review of comments from delegates on usefulness of the gathering and its potential value for students, universities and research institutes, and practitioner organisations. Who, what and when next?

15.45 Close of meeting
